Clayton Harding                      Norman J. Lessard  
Norman Guerette

## **URBAN RENEWAL AUTHORITY**

Urbain A. Goulet                      Sidney S. Sclare  
Nicholas W. Danton                      Carmen Cretaro  
Jerome F. Daly

## **REPORT OF TOWN CLERK**

for year ending December 31, 1970

Births	110
Marriages	111
Deaths	75

Respectfully submitted,

Barbara E. Lord  
Town Clerk

# OLD ORCHARD BEACH Fire Department Annual Report 1970

This is a breakdown of all calls received by this Department for the year;

Building Fires .....	22
Laundromat Fires .....	2
Automobile & Truck Fires .....	21
Emergency & Misc. Calls .....	25
Brush & Grass Fires .....	33
Dump Fires .....	15
Rubbish Fires .....	8
Burning without Permit .....	4
Chimney Fires .....	6
Oil Burner Fires .....	24
House Trailer Fires .....	11
Smoke Scares .....	20
Fire Alarm Systems/Private .....	3
Fires in Nursing Homes .....	3
Out of Town Calls .....	3
Bomb Scares .....	1
False Alarms .....	23
Automobile Accidents/Assisting Police .....	1
First Aid Calls .....	11
Inspections/Fire Prevention .....	8
Total Amount of Calls .....	244
Street Box Alarms .....	80
Still Alarms .....	164

Total amount of equipment used by this department for the year:

1 inch Hose Used .....	8450 Feet
1½ inch Hose Used .....	8475 Feet
2½ inch Hose Used .....	10,250 Feet
Ladders Used .....	320 Feet
Smoke Ejector Used .....	2 Times
Scott Air Paks Used .....	11 Times
Portable Generators Used .....	4 Times
CO <sub>2</sub> Extinguishers Used .....	4 Times

Dry Powder Extinguishers Used .....	3 Times
Deluge Gun Used .....	5 Times
Hand Tools Used .....	5 Times
Back Tanks Used .....	33 Times
Oxygen Used .....	10 Times
Resuscitator Used .....	5 Times
Total amount of Hose Used .....	27,175 Feet

## OLD ORCHARD BEACH FIRE DEPARTMENT ANNUAL REPORT

On August 1st 1970 Chief Louis R. Wharff retired from the OLD ORCHARD BEACH FIRE DEPARTMENT. Chief Wharff had been a member of this Department for some 35 years. His successor to the post of chief is Deputy Chief Thomas Smith Jr.

This report is a report of all department activities since July 1970.

The fire department has 31 members, 24 of these members are call firemen and are on call 24 hours a day. The other 7 members are regular paid firefighters who are employed by the Town as drivers. The fire department has one chief, one deputy chief and five drivers. The members of the department all have a fire radio receiver at home. Regular monthly meetings of the department are held on the first Tuesday of every month. Twice each month the department conducts drills on the proper use of equipment and fire tactics.

In July the department changed its method of hose laying by splitting the hose bed in the two pumpers. In splitting the hose bed we are able to lay out two 2½ inch hose lines to the fire or to other pumpers what ever the need may be. This method will save us time in any emergency or major fires.

In the month of August Lieut. John White retired from the department after serving 19 years of active service with the department. The chief appointed two Lts. to the call force. These men will supervise at fires

under the direction of the chief or his deputy. A drill was held at the Elementary school to pre-plan combat if a fire should start at any given time.

In the month of September the department started a tactical program in working close with other departments under mutual aid. These departments include the Town of Scarborough and the City of Saco.

In October the two pumpers were tested to see if they could meet the Fire Underwriters Standards. Both the 1948 American LaFrance pumper and the 1960 American LaFrance pumper met these standards. A drill was held at the high school to pre-plan combat if a fire should break out at any given time.

The department up dated the 1960 American LaFrance pumper by adding additional pre-connected hose lines of 1½ inch and 2½ inch hose. These hose lines are ready to be placed into action upon arriving at the scene of the fire ground. The chief of the department attended the Chief's Seminar and training program which was held in Portland, Maine.

In November the equipment on the 1948 American LaFrance pumper was re-conditioned. The booster (water tank) was replaced and this pumper is now in service.

In December a Deluge Gun was mounted on the 1960 American LaFrance pumper and is now in service. Due to a vacancy the Civil Service held a competitive test for the position of Deputy Fire Chief, this test was taken by five of the regular men. Driver Donald D. Roy was appointed to the position of Deputy Chief and Arthur Guerin was appointed as a new driver.

Respectfully submitted

Thomas A. Smith, Jr.  
Chief of Department

## REPORT OF POLICE DEPARTMENT

### Criminal Arrests

for year 1970

Affray	8
Aiding and Abetting an Escapee	1
Assault and Battery	13
Assault and Battery on an Officer	7

Doors found Open	27

Respectfully submitted,  
Jean-Paul Lacroix  
Chief of Police

## ELECTRICAL INSPECTOR REPORT

### 1970

Taking over the Town's Electrical Inspector's job on January 1, 1970, I made:

- 1170 Inspections
- 32 Fire calls
- 27 Violation calls
  - 9 calls from people getting shocks
  - 3 calls for shocks in trailer and tenting areas
  - 2 calls for shocks in private homes
  - 3 calls in amusement areas
  - 1 call in a restaurant

In the month of June, State Electrical Inspector Blake McKay came down from Augusta to inspect the electrical system under and along the Pier with me. We found two violations. They were reported to the owners and they were corrected.

The first week in July, I personally inspected every business building on the East side of Old Orchard Street and the North side of East Grand Avenue up to 200 yards East. I found 18 violations, which consisted of overfusing and using lamp cord for primary wiring. I gave them warning, returning again in two weeks with the state inspector, found all violations had been corrected.

The first week in August, the state inspector and myself went through the Amusement area at the foot of Old Orchard Street. We both agreed that some changes must be made before the 1971 season starts.

On occasion the state inspector would drop into town for spot inspections.

The third week in November he came to check the Camping, Tenting and Trailer Parks.

We spent a whole day going from one to another, and found some very bad situations in all of them. They also should be corrected before the 1971 season starts.

Not having a monitor in my home, or a radio in my truck for fire calls I did manage to cover 32 fire calls,

to assist our firemen, by removing any electrical hazard that might have endangered them in their work. Of these fires 8 of them were electrical.

At this time I would like to thank Mr. Louis Ayoob, our Town Manager, all the Town Councilmen, and all the businessmen for the fine cooperation they gave me in making our Town a safer Town to live in.

Respectfully submitted,

Reny L. Remillard,  
Electrical Inspector

## **REPORT OF THE LICENSE INSPECTOR FOR 1970**

To the Honorable Council and  
Citizens of Old Orchard Beach:

During the year of 1970, this office was kept quite busy, especially during the summer months. Due to our card system instituted last year, the renewals were completed early enough so that we concentrated on new licenses, which brought in approximately \$1500.00 over the previous year.

We had a court case this summer, the results were favorable to the town. Several complaints were properly handled by the Inspector, Town Clerk, or the Police Department.

Once again I must compliment our Town Clerk and citizens of our community for the fine cooperation given me.

Respectfully submitted,

Urbain A. Goulet  
License Inspector

## REPORT OF PARK COMMISSION

Chairman Emerson Cummings.  
Members of the Council for the  
Town of Old Orchard Beach, Maine.

Dear Counsellors

It is the pleasure of the Park Commission for the Town of Old Orchard Beach to make its end of the 1970 year report.

We of the Park Commission for the year of 1970 are very proud to report that it was a very successful year making the total of \$16,000.00 dollars and leaving a balance of about \$2,300.00.

At our March meeting Mr. William Farrington tendered his resignation to devote his time for his campaign to the legislature. It was accepted with regrets as Mr. Farrington has served as a Commissioner for several years and deserves a lot of credit for a job well done. Mr. Joseph Mokarzel was named by the Commission to fill out Mr. Farrington's term for the year. We wish to thank Mr. Mokarzel who served faithfully.

We spent over \$5,000.00 dollars on capital improvements and repairs that were badly needed for a long time. It is planned to finish these repairs in the spring. There is also plans to continue a section of the original layout plan of the Park in the coming year.

A good deal of credit for a successful year is due to the fine management of Mrs. Rosalie Rix and the excellent help of the boys and the ladies on the tickets. A very congenial and willing crew.

Respectfully submitted,

Mrs. Edith Gallant, Chairman  
Mr. Thomas Dupuis, Sec.

**PUBLIC SAFETY COMMISSION  
TOWN OF OLD ORCHARD BEACH, MAINE  
1970**

At the organizational meeting the Civil Service Commission elected Charles E. Huot as Chairman. The two other duly elected members of the commission were Linwood A. Kimball and Thomas R. Lee, Sr.

During the year, by virtue of the enactment and passage of a law by the State Legislature and the citizens of this Town, the name and scope of the Civil Service Commission were changed. That body is now known as the Public Safety Commission.

The members of the Public Safety Commission were the same members as were on the Civil Service Commission, and as a body held eighteen meetings during 1970. The Town Council appropriated \$300.00 for the commission, and at the end of the year there was an overdraft of \$53.07.

During the course of the year the Public Safety Commission gave regular police officer examinations to sixteen applicants. Also, examination for Fire Department Driver were given to seven applicants; and examinations for Deputy Fire Chief were given to four applicants.

Respectfully submitted,  
Public Safety Commission

Charles E. Huot, Chairman  
Linwood A. Kimball  
Thomas R. Lee, Sr.

**REPORT OF PLUMBING INSPECTOR**

Town of Old Orchard Beach

37 Permits sent to Augusta

3 Violations

3 Violations corrected

Amount of money      \$358.00

Respectfully submitted,

Nelson Mossman  
Plumbing Inspector

**REPORT OF THE  
URBAN RENEWAL AUTHORITY  
1970**

To The Honorable Council and  
Citizens of Old Orchard Beach:

Once again I must submit a report of our activities, though this past year has been a wasted one. Members of this board have tried to inject interest in our community. Unfortunately we have had little or no results.

Early in the year, the building inspector and I were the only ones interested enough to attend a seminar conducted by the New England Chapter of NAHRO, that was held at Portland, Maine. I personally notified the Town Manager, the Planning Board, and the Council in ample time so they could make arrangements to attend these sessions.

At these sessions, emphasis was directed on rehabilitation grants and loans to help the low income home owners finance the necessary repairs and improvements of their homes. The highlights were 1: Grants not to exceed \$3,000.00 if the recipient's income was less than \$3,000.00; and 2: Loans (bearing interest of 3 percent) not to exceed \$50,000.00 with no income limit. These were the main topics discussed at these sessions. Several New England communities taking advantage of this section of the Housing Act of 1965, gave it a most favorable report and urged all communities that were bogged with their housing problems, to implement this project as soon as possible, for there was over one million dollars available and would be so until June 1970.

Upon our return, we reported to the Town Manager and requested him to set up a conference with HUD representatives as soon as possible. As of this writing, no such meeting was held. It is very unfortunate that some of our town representatives are not interested, or fail to take advantage of projects that could upgrade our community. Until such a time as our elected or paid officials take interest and participate with all existing

“Boards”, I’m afraid our community will continue to deteriorate.

The tools are available to us, but only if we want to use them.

Respectfully submitted,

Urbain A. Goulet, Chairman  
Urban Renewal Authority

## OLD ORCHARD BEACH PLANNING BOARD ANNUAL REPORT

### PLANNING IS NECESSARY FOR DEVELOPMENT

“DIRIGO” (I direct) holds the key to the future--either we plan and direct the use of land resources, or we continue to pay the multimillion dollar price for haphazard thoughtless, indiscriminate development.

Planning is really a process by which we allocate resources. If there were an unlimited supply of land and water, there would probably be little need to plan its use. We do have limited resources--in fact, clean water, clean air, space, and quiet are downright scarce in many Maine communities. We must plan and thereby carefully allocate resources as to insure their maximum contribution to the community.

Planning and regulation of the use of land and water limits some of the rights of individual landowners, but it protects many of their individual rights. More important, planning and regulation of land and water use insures the best, highest, and multiple use of resources in meeting the needsof man and his society.

Maine planners recognize that approximately 85 percent of the state’s total land area has severe limitations for sewage disposal systems and that the location of new homes in rural areas must be carefully planned. Scattered

houses, with septic sewage disposal systems on soils with severe limitations, present a potential economic and pollution problem of almost unsolvable proportions.

Maine planners know that only about 80 percent of the state's total land area is suitable for playing or athletic fields and that new school building sites must be very carefully located. Recreation fields are one of the important and costly considerations in school site and facility development.

The Planning Board held ten (10) official meetings and a number of workshop meetings with the Planning Board Consultants, Dickson Associates. Some of these workshop meetings were held at their office and others were held at the Town Hall.

Several joint meetings were held with the Housing Authority and the Urban Renewal Authority.

According to State Statutes, all development plans must be submitted to the Planning Board for approval and only one was submitted this year.

#### COMPREHENSIVE PLAN FOR 1971

1. Review of the entire planning policy since the last review was held in 1960.
2. It would be wise for the Town to consider updating and projecting for the year 1971-1972 subject relating to:--Zoning Land use and a look at the waterfront both for municipal and recreational purposes. Also Housing has a great need.

Consultant firms employed by the Town were two (2). One for updating the comprehensive plan and for the recertification of the workable program requested by the Federal Government. The second consultant firm was employed by the Town to survey the need for separation of storm and sanitary sewers and also secondary sewerage treatment plant.

The projects completed for the year 1970 were: The traffic survey conducted by the State, the new extension

sewer line on the easterly side of East Grand Avenue and the new Town Garage.

Action by the Town Code enforcement for the year 1970 has improved to some degree since its inception with the look to future progress.

The problem of having the duplicated names of streets changed is still in limbo. No action by any of the Councils has been taken in the last three years. It might be wise for the Planning Board to present this to the new 1971 Council for consideration.

Comments by the Planning Board members for 1970.

Respectfully submitted,

Charles S. Sherman

Planning Board Chairman-1970

1970

## ZONING APPEALS BOARD ANNUAL REPORT

The members of the Zoning Appeals Board for 1970 were Charles E. Day, Sr., Chairman, Frederick T. Hayes, Peter Zafirson, Clarence Roberts, Sumner Johnson, Prescott Verrill, Alternate, and Richard Sweeney who resigned during the year when he moved out of Town.

Twenty-six appeals were processed. Three of those were not heard because according to the Zoning Ordinance, the Board did not have the authority to rule in those specific cases. Of the twenty-three appeals heard fifteen were granted and six were denied. Because of insufficient information, two were tabled.

Appeals varied in that fourteen were for footage or space and bulk variances, five were special exceptions pertaining to building use and four were for home occupancy.

Respectfully submitted,

Sandra Manduca, Secretary

ZONING BOARD OF APPEALS

## REPORT OF THE BUILDING INSPECTOR 1970

To the Honorable Council and Citizens of Old Orchard Beach:

I hereby submit the following report for the year 1970.

Building permits were issued with an estimated construction cost of \$931,957. A breakdown of the permits follows:

New construction —	
23 Homes	315,300.
11 Motels	244,500.
1 Church	135,000.
15 Residential garages & carports	24,625.
5 Swimming pools	21,480.
4 Stores, business & amusement bldgs.	41,400.
	<hr/>
	782,305.
81 Additions, alterations & repairs	126,002.
27 Buildings to be moved	21,850.
6 Buildings to be demolished	1,800.
	<hr/>
	149,652.
	<hr/>
Total	\$931,957.

Fees collected amounted to \$694.

This year fourteen houses were condemned as not fit for human habitation. Four of these are being repaired to bring them up to standard. The contract has been let for the demolition of the other ten.

Two violators were taken to court.

Respectfully submitted,

John T. McNeill,  
Building Inspector

## REPORT OF HEALTH OFFICER

The severity of the past winter has dramatically impressed us with the inadequacies of the antiquated sewer system in the camp ground area. At one time a family was without sewer services for over four weeks and in several areas of this section, pipes only a few inches below ground froze solid and taxed the ingenuity and patience of both citizens and sewer department. I wish to personally acknowledge the outstanding dedication to duty of Mr. Paul Harvey and Mr. Al Geaumont who worked many hours in sub zero weather in a valiant effort to reopen frozen sewer pipes and avoid an otherwise difficult and dangerous situation. Our Town manager has recommended that a long range program be undertaken to correct this situation and I am sure most citizens will agree that this vital basic necessity head our list of priorities.

Waste collection has improved and I am pleased to have received the cooperation of all operators of tent and trailer sites which were visited. In most instances I found conditions clean and sanitary but in some, firm orders to "clean up" was necessary. All inspections were conducted on a follow up basis and in some instances I visited areas as often as five times in a week.

Once again I am pleased to report that I was able to carry out my duties with the courteous cooperation of the Police Department and as always with the willing and ever ready Mr. Armand St. Hillaire.

Respectfully submitted,

Louis DeAngelis  
Health Officer

## PUBLIC HEALTH NURSING REPORT

The following is the report of visits made during the past year:

Adult Health	16
Cancer	100
Cardiac	37
Crippled Children	30
Infants	10
Morbidity	955
Post-partum	3
Pre-School	12
School	7
Tuberculosis	1
Veneral Disease	2
Social Service	70
Communicable Disease	8
In behalf of	13
Antipartum	1

The Immunizations Clinics were held the second Tuesday of the month except July and August. There were a total of 341 children receiving DPT, Polio, Small-pox, German Measles, and Measles.

The State has been making a concerted drive in the attempt to immunize all children against German Measles. Also anxious to reach all possible for the old fashioned Measles. We have had it available at our clinics in the hope that both may be eradicated as quickly as possible. May we urge anyone with pre-school children who have not yet received the immunization to either attend the clinic or their own physician.

There have been numerous "continuing education" meetings which I have attended as time permitted.

The Medical Advisory Board has continued to serve in advisory capacity.

The Agency continues to receive supervision and consultation from the Maine Department of Public Health.

To the Doctors, the volunteers who have helped with the Clinic and the members of the Advisory Board for their support my sincere thanks and appreciation.

Respectfully submitted,

Helen Curry, R.N.

Mr. Howard L. Cushman  
Mrs. Charlotte K. Potter, Secretary  
Mrs. Ruth J. Seaward, Secretary  
Miss Helen Descoteaux, Clerk  
Office Telephone: 284-4505  
Old Orchard Beach High School Telephone: 934-4461

### SCHOOL DOCTOR

Dr. Donald Skillings

### SCHOOL VISUAL CONSULTANT

Dr. Stephen Polackwich

### SCHOOL NURSE

Mrs. Agnes Murphy

### CUSTODIANS

Joesph Lenkowski	High School
Ralph J. Coulombe	High School
Irene Touseignant	High School
Harold French	Elementary School
Stanley Podchalski	Elementary School
Roland Touseignant	Elementary School
Mahlon Cressey — Head	Elementary School

## ENTERING AGE

Six years of age on or before October 15th of the school year, shall be admitted to grade one.

Five years of age on or before October 15th of the school year shall be admitted to Kindergarten.

## SCHOOL STORM SIGNALS

The no-school signal will be sounded by the fire alarm signal at 7:00 A.M.

It is advisable to listen to radio stations WIDE Biddeford, WCSH and WGAN Portland, as announcements will be made.

Weather reports are not always reliable and since the School Department desires to tender maximum educational service by having school in session the greatest number of days, storm signals will not be used when there is reasonable doubt.

Safeguard health by keeping your child home when, in your estimation as a parent, conditions warrant.

## MEETINGS

The School Committee holds its regular monthly meeting at the Loranger Junior High School Library on the fourth Friday of the month at 7:30 P.M.

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

To: The School Committee and Citizens of Old Orchard Beach, Maine:

During the past year the Junior Naval R.O.T.C. program has become a reality in the Old Orchard Beach High School. This program is designed to give the students an insight into the Naval Sciences as well as a history of the Navy. Under the leadership of Commander Kelly and C.P.O. Bailer, the youths enrolled in the Junior Naval R.O.T.C. program have not only become excellent school citizens, but also excellent community citizens.

The enrollment of the Old Orchard Beach Public Schools have steadily increased over the past two or three years. There is serious need for the consideration of additional facilities or the complete study of a year round school.

The Public schools are currently being offered to the citizens of Old Orchard Beach for many various events. Some of these are Town Meetings, square dancing and recreational activities.

The Adult Evening School has increased over 100% from last year. Some of the courses being offered are English, History, Psychology, Physical Education, Upholstering, Business Programs etc.

The School Department is doing, to the best of its ability, all it can for children with learning disabilities. Students currently are attending Saco Educable Classes, Saco Valley School for trainables and Abilities and Goodwill School for educables and trainables.

I feel the School Department should seriously consider a Remedial Reading specialist and also a Speech Therapist. The Speech Therapist could and should be employed by the Union.

The citizens of Old Orchard Beach should be proud of their School Committee members. They work extremely hard for the benefit of all students.

I want to express my sincere appreciation to the members of the School Committee, Town Officials and citizens for their help during the past year.

Respectfully submitted,

Howard L. Cushman,  
Superintendent of Schools

## SCHOOL NURSING REPORT

### 1970

January, 1970 along with the usual winter time cold infections we had the start of a wave of German Measles that reached epidemic figures. This was quite well controlled by a German Measles Vaccine Clinic held in March and 605 children were given shots. This Clinic cut off the rate of infection apparently and luckily, no known damage has occurred to new born infants in the area.

A second round of Polio Vaccine was given in late April to 93 students. (The first Clinic of the Monovalent Polio Vaccine was given in December, 1969 to over 643 of the students and was a booster for them.) A second German Measles Vaccine Clinic was held late in the Fall for the kindergarten group and over 70 children received shots. About half of the total Kgn. class had already had the shot before entering school. Totally the most susceptible age group have now been inoculated against German Measles thru the school and Town Nursing Clinics during the past year.

TB Tine Testing was given to the Kgn., Grs. 7, Senior Class group, new students and teachers and other adult school personnel during the Winter and Spring Terms. Xray follow up was done when indicated and protective medication given. This program was very extensive and time consuming but necessary for everyone's protection.

Our regular programs of checking for possible vision or hearing problems or defects were carried in Kng., Grs. 1 — 4 — 7 and Freshmen classes plus new students and rechecking past student records. Physical check ups were also given to several grade levels of students and athletic groups. These programs were supervised and carried on with Dr. Stephen Polackwich and Dr. Donald Skilling.

New Statewide Standards for reporting Vision and Hearing programs were given to us during the early Fall Term and we have adapted our records accordingly. (Our vision program has been more than adequate to meet

these new standards and with some adjustment the audiometer hearing testing will be also for the future.)

We have a number of individuals, groups, service clubs and others to thank for help and cooperation during 1970. Teachers, Parents, Lions and Kiwanis Clubs, local and State Departments of Health and Education provided much help and assistance for our students. Our local hot lunch program was recently expanded at the end of 1970, under Federal Standards and now reaches a much larger number each day.

Our thanks and appreciation goes to many.

Yours respectfully,

Agnes Murphy, R.N.  
School Nurse

## PRINCIPAL'S REPORT OLD ORCHARD BEACH HIGH SCHOOL

### SCHOOL YEAR: 1970

Our follow-up studies of the class of 1970 as conducted by the Guidance Department indicate the graduates are presently engaged in the following activities:

Four year colleges . . . . .	.20%
Two year colleges . . . . .	.10%
Business schools . . . . .	3%
Other specialized schools . . . . .	3%
Military service . . . . .	.13%
Work force . . . . .	.38%
Marriage (women) . . . . .	4%

The record indicates that 45% of this class has gone on to some type of higher education. However, it does not indicate that many of the students who have entered the work force have already received specialized training for employment through various other school programs.

For example, this September marked the second year that Old Orchard Beach students have attended Biddeford Vocational High School studying such specialized fields as carpentry, automotive mechanics, electricity,

and data processing. Many of our graduates are able to enter well-paying jobs immediately after graduation because of these specialized skills. This year about 50 juniors and seniors are participating in the program, taking their academic subjects here and being transported to Biddeford for the vocational subjects. Many thanks go to Mr. Melvin Guay, Principal of the Biddeford Vocational School, for the smooth co-ordination of this helpful program.

New this year is a state sponsored Co-operative Work Study Program which allows the student to do practical work in various trades and occupations in the morning and attend classes in the school in the afternoon. The co-op program is under the direction of Mr. Ralph Jones and has twenty-one students. Much of the success of this program has been due to the excellent co-operation of local businessmen who are willing to accept students within the program. The student receives 2 credits towards graduation for his job, and is paid and evaluated by his employer.

Also new this year has been the Naval Science program, a branch of the Junior Navy Reserve Officer Training Corps, under the direction of Commander William Kelly, USN (Ret) and Chief Petty Officer Donald Bailer USN (FR). This program allows the student to take a college preparatory program with emphasis on general maritime and naval topics. Old Orchard Beach has traditionally had many students who go on to the various maritime academies, and this program has proved to be very popular with the students. About sixty boys are enrolled this year, and next year the program will be officially opened to girls. Completion of this program does not require the student to join the navy or make him any more liable to the draft. The program does, however, give the student the opportunity to see how a navy program works, and what it has to offer him.

The school is still using its honor card system with great success. A student who attains the honor roll for any quarter receives an Honor Card for the next ranking period. This card entitles him to free admission to all home games,

use of the National Honor Society Honor Lounge during study periods, and early dismissal from school in the event of the student's having a study hall at the end of the day. The National Honor Society has recently raised more money for their lounge and have installed wall-to-wall carpeting and a generally new decor. All citizens are invited to see this room when they visit the school. Mr. Paul Nichols of the faculty has done excellent work as volunteer advisor to the National Honor Society.

Next year this school must make active preparation for accreditation by the New England Council of Secondary Schools and Colleges. In general, our physical plant is excellent, but there is expense associated with the visiting committee and their recommendations.

In closing I wish to thank the School Committee and Mr. Howard Cushman for the excellent co-operation they have shown in making these programs available to the youth of the community.

Respectfully submitted,

Jerome LePelletier, Principal

### CHARLES A. LORANGER JUNIOR HIGH SCHOOL

Enrollment as of December 31, 1970

Grade 5	28
Grade 6	107
Grade 7	93
Grade 8	122
	<hr/>
	350

With the opening of school in September a greater enrollment over the previous school year resulted in the addition of another sixth grade and teaching position. It also resulted in the loss of the Study Hall as such. Mr. Louis Ladakakas was transferred to that position with

Mr. Roger Sevigny joining the staff as an eighth grade science teacher.

A Science-Hobby Fair was held late in the spring in the Science Lab and school cafeteria with the enthusiastic participation on the part of a number of students. With the warmer weather the Fair was well attended by parents and the lay public during the evening.

In testing the Otis-Lennon Intelligence Test was administered to students in grades 5 and 7 late in January. The Differential Aptitude Test was given by Mr. Frank Duley, Guidance Department, to eighth graders last spring. The Iowa Test of Basic Skills was administered during November to students in grades 5, 6, and 7.

In a fairly well rounded athletic program a baseball team, under the coaching of a student teacher from St. Francis College, participated last spring in the local junior high school league.

Last fall the football team, under the coaching of Mr. John Ladakakas and Mr. Anthony Tsomides, had its second successful season by winning the League championship and accompanying trophy. Through the kindness of the local Kiwanis Club and funds from another source, jackets were awards to the players at a special assembly.

For the girls a group of Cheerleaders, under the direction of Mrs. Jesse Hemphill, was organized and actively supported the school's athletic teams during the year. With a great deal of initiative and work the girls raised last fall funds to acquire new uniforms.

The Ski Club program was continued under the supervision of Mr. Rodney Coomer, making a number of trips to Lost Valley, Auburn, when the weather made such trips possible.

An Industrial Arts program has been continued for boys in the seventh and eighth grade, each receiving a semester of instruction, under the direction of Mr. Ralph Jones and Mr. Ronald Jenkins. Likewise, too, the Health Education program has been continued under the direction of Mrs. Sharon Smarc for students in grades 5, 6, and 7.

In closing four student dances were held, culminating last spring in a May Ball. Much of the credit for planning, organizing, and directing these activities goes to the members of the Student Council.

Respectfully submitted,

H. Francis Griffith

### JAMESON SCHOOL

Enrollment as of December 31, 1970:

Grade 3	116
Grade 4	126
Grade 5	82

---

324

The beginning of the school year in September saw a number of changes at the Jameson School.

During the summer recess necessity saw the cafeteria changed into two excellent classrooms for an enlarged enrollment. An additional fourth grade was added along with a third grade being transferred from the Elementary School.

Circumstances, with the loss of the cafeteria, forced the establishing of a staggered morning recess and lunch period during the noon hour as meals were delivered to the many classrooms. Through the excellent work of the cafeteria personnel and the Volunter services of junior high students, lunches are served quickly and efficiently.

Staggered recesses have meant fewer students are on the playground, minimizing overcrowding, and providing for more space per student.

The Otis-Lennon Intelligence Test was administered last January to students in grades 3 and 5. In a continuation of the regular testing program the Iowa Test of Basic Skills was given to students in grades 3, 4, and 5 last November.

Parent-Teacher Conferences were scheduled at the end of the first ranking period in November. By appointment a majority of the parents had scheduled conferences with their children's teachers. Only by mutual cooperation and understanding, by parent and teacher, can we hope to educate successfully each child.

A committee of elementary and junior high school teachers, in a series of meetings covering a period of months, evaluated a great many report cards, and finally recommended for adoption a series of new report cards for the several grades.

In closing it can be added that with the addition of another teacher aide this fall greater service has been possible to the many teachers and more individualized instruction within the classrooms.

Respectfully submitted,

H. Francis Griffith

**ELEMENTARY SCHOOL**  
**Principal's Report**  
**1970**

The following is a report of the Elementary School for the year beginning January 1, 1970 and ending December 31, 1970.

	Enrollment	
Kindergarten	(4 classes)	134
Grade 1	(5 classes)	134
Grade 2	(4 classes)	124
		<hr/>
	Total	392

Our last third grade was moved to Jameson School in the fall. A new first grade was added in our building to take care of overcrowded conditions on that level. Our total enrollment, because of this change, decreased by 19 compared to last year's figures.

## Transportation

There were 282 pupils transported to the Elementary School. This shows an increase of 34 pupils compared to the figure reported last year. The children came from the following areas.

Union Avenue	56
Halfway	148
Ocean Park	34
Milliken Mills	44

Six pick-ups were made in the afternoon at the close of school and one at 11:30 for the morning kindergarten group. An additional bus was used starting in the fall.

The teachers appreciate the cooperation of Mr. York and the bus drivers throughout the year.

## Hot Lunch and Milk

Mrs. Helen Allen and Mrs. Elizabeth Regan were in charge of serving hot lunch. It is prepared at the Loranger Jr. High School and delivered to us by Mr. French. Approximately 175 children were served daily.

The pupils taking hot lunch and those bringing a lunch from home are supervised by a teacher and three aides. Our custodian, Mr. Podchalski, also remains in the building during the noon hour to assist.

Approximately 132 children were served milk during recess in the classroom.

## Health

Mrs. Agnes Murphy, school nurse, visited our building every Monday and, when necessary, on many other occasions.

In the fall the classroom teachers weighed, measured, and tested eyes and ears of all pupils. Mrs. Murphy re-checked pupils who had difficulty on the visual and auditory testing in the classroom.

Dr. Donald Skilling, assisted by Mrs. Murphy, examined all kindergarten pupils, new pupils, and any students where a need seemed apparent in the other grades.

Dr. Stephen Polackwich examined all kindergarten and first grade pupils during the fall term. Second grade pupils, who have difficulty on the classroom check, are also examined at this time.

### **Testing**

Throughout the year several tests are administered and recorded on the pupil's permanent school records. Kuhlmann-Anderson Intelligence Tests were given to all first graders. New pupils in grade two are given the Otis-Lennon Mental Ability Test. Basic reading and math tests are also used periodically in grades one and two. Consistent and frequent evaluation in these two areas provide the teacher with information concerning the effectiveness of her teaching and in the progress of the class.

### **Report Cards**

There are no report cards for kindergarten classes. Instead, parent-teachers conferences are held in the fall and spring terms.

A new report card was used this fall by first and second grades. They are sent home four times during the year. Parent-teacher conferences also took place in the fall.

### **Fire Drills**

Frequent fire drills took place during the year to prepare the children to make a quick and safe exit in case of an emergency.

### **Banking**

Banking day at the Elementary School is on Tuesday. The Saco and Biddeford Savings Institution provides facilities for this service.

## **Insurance**

The Gilpatrick Insurance Agency supplied the school with insurance forms which were distributed to the children in the fall. Many parents took advantage of this opportunity to insure their child. Claim forms are available at the school for any injury during the year.

## **Grade Meetings**

We have continued to hold monthly grade meetings on each grade level to discuss the curriculum, new materials, ideas and the progress being made on each level.

## **Television**

The State Department of Education provides the classroom teacher with guides for each program viewed on Maine's Educational Television Network. The guides recommend the programs to be viewed on each grade level and suggest material to be presented before and after the television lesson is viewed by the class.

## **Teacher Aides**

Teacher aides at the Elementary School are Mrs. Esther Taylor, Mrs. Lois Benway, and Mrs. Irene Cooper, who came to us in the fall. The aides have helped to upgrade classroom instruction by freeing the teacher from routine and non-professional activities. Giving the teachers this needed support in the classroom has provided enriched educational opportunities for all pupils in existing overcrowded conditions.

Their duties consist of supervision of the playground, cafeteria, halls and bus loading. They do clerical work pertaining to school records, collect lunch and milk orders, correct papers, conduct small group drills, assist individual children with assigned lessons and many other tasks which help the teachers.

We all appreciate the efforts of our three aides.

## Closing

In closing, I wish to express my sincere appreciation to Mr. Cushman and the School Committee for their cooperation throughout the year. I would also like to take this opportunity to thank the teachers for their cooperation and untiring efforts in behalf of the children of this school.

Respectfully submitted,

Lois Martin

## REPORT OF THE SEALER OF WEIGHTS AND MEASURES For the Year 1970

In 1970 I tested 21 gasoline pumps and found all except 3 to be in good working order. These three were replaced.

50 scales were tested and found to be in good working order.

Respectfully submitted,

Clarence Roberts  
Sealer of Weights and Measures

**Report of  
TOWN MANAGER  
1970**

I herewith submit my report for the year 1970:

The East Grand Avenue sewer was completed to the Friendship Motel.

A new Town Highway Garage was completed and this building is a credit to the community.

Revaluation of property which was started in 1969, was finished.

The certification of the Workable Program and the sewer field survey was done and these reports will be available early in 1971.

Negotiations with the Labor Union for the Public Works Department were held and a contract signed.

The Maine Retirement System for all eligible Town employees was accepted.

A Charter Revision Committee was accepted by the voters of the Town and they are working on this very important policy making project.

A Cable TV Ordinance was accepted by the Council as well as a Dog Ordinance.

A soil study for Old Orchard Beach was made by the County Soil Conservation Department.

A Tax List, showing all property tax valuation and amount of tax was prepared and will be available at the Town Office early in 1971.

Conditions around the dump area were vastly improved, but another location is a must very shortly.

Some enforcement of hazardous buildings was shown this year, and hopefully, this will be only a beginning in clearing up conditions that affect the valuations, appearance and health conditions of other taxpayers in the vicinity of such areas.

Gas bids were submitted for the various departments and Texaco was the successful bidder.

One new Police Cruiser was purchased in 1970.

Painting of the Treatment Plant, storage and other buildings was started.

A Drug Control Center was in operation during some of the summer.

A Halloween party was held for the children.

The various departments sponsored a Paint-Up-Clean-Up-Fix-Up Campaign last Spring. It is our hope that a larger participation can be had during 1971.

The three major classifications of people, each having their own opinions and problems, causes a community like ours to become very diversified in programming a Capital Improvement Program. Namely, people who operate a summer business, people who own and reside here in the summer and those who live here year round.

The people who come here for the summer business pay a very high rent, plus their personal tax and they feel that consideration should be given to them for at least the three months they are here. We have the summer people who own their own summer homes here and they too feel that special service be rendered. The people who live here year round, having the use of all facilities, feel also that they too should be considered for services, and rightly so. This brings up the major problems confronting Old Orchard Beach: sewers, storm water, roads, sidewalks, lighting and general cleaning of the entire area.

In the next six years, the Environmental Improvement Commission has stated we must have our abatement of pollution in operation. There is no doubt they mean business and let no one ignore the positive fact this is going to be a major financial burden on the community. The first step that should be taken is to separate the storm water from the sanitary system; secondly, to place all areas under the sewer and storm drain system; thirdly, to erect the secondary treatment plant; fourth, to ascertain the method of paying the interest and principal on the bond issue and the operation and maintenance of such a plant.

The next major construction should be the building of permanent streets and sidewalks, with the proper contour and drainage. This also will be a large financial outlay.

The above should be the Capital Improvement Program during the next ten years.

In the meanwhile, the Town of Old Orchard Beach should be getting ready for these projects by: updating the equipment for the Public Works Department, buying equipment and machinery that foreseeably can be used for this construction and the general work of the Public Works Department.

The major criticism, excepting taxes, that I have encountered since I have been here, is in this order: Stormwater, sewage, street, sidewalks, and I suppose plowing snow will be a major discussion and rightly so, as you cannot plow snow when the equipment is always broken down. The number of man hours lost while equipment is broken down is tremendous and this is wasted dollars.

Also, constructing buildings for the Fire, Police and Administrative offices, which today are operating in a very inefficient manner, is badly needed.

Other matters of major importance are updating the Police and Fire Departments, enforcing ordinances, traffic flow, updating our street lighting system and parking and street signs. A dump site is an immediate need. Additional equipment is needed to keep our beach cleaned.

Old Orchard Beach has the committees set up for local service, but the ineffectiveness and lack of activity of these committees should be of grave concern to the Town Council. It is strongly suggested that people on these committees serve or be replaced. Hopefully, the people of Old Orchard Beach will seriously consider the need of revising the Town Charter and participate in the forthcoming meetings.

To the elderly, sick, disabled, it is my hope that the Town Council will exert every effort at their command

during the next legislative session to relieve the tax burden now placed on them.

As the year closes, may I express my thanks to the Town Council, my fellow co-workers and the people of Old Orchard Beach for their cooperation, hospitality and kindness to Mrs. Ayooob and I.

Louis E. Ayooob  
Town Manager

**State of Maine  
DEPARTMENT OF AUDIT**

June 2, 1971

To the Members of the  
Town Council  
Old Orchard Beach,  
Maine

In accordance with Title 30, Section 5253, Maine Revised Statutes Annotated of 1964, as amended, an audit has been conducted of the financial records of the Town of Old Orchard Beach for the year ended December 31, 1970.

The examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

Within the scope of the examination, the financial transactions were appropriately handled, with such exceptions as may be noted in the accompanying commentary.

In our opinion, the exhibits and schedules incorporated in this report, present fairly the financial position of the Town at December 31, 1970, and the results of its operations for the period indicated.

Respectfully submitted,  
R. M. Rideout, Jr.  
State Auditor

RMRJr:sv

## SCOPE OF AUDIT

The system of internal control was reviewed as it pertained to the handling of cash and other matters of financial concern. Cash accounts were verified by reconciliation of bank statements and count of cash.

An analysis was made of receipts and deposits as well as disbursements and bank charges. Vouchers, payrolls and cancelled checks were examined on a selective basis. Letters of confirmation were used on a test basis to verify the correctness of recorded assets and liabilities.

Revenue accruing to the municipality from various sources was reviewed and checked to pertinent records. Records of council meetings, as they pertained to financial matters, were reviewed. Surety bond coverage was examined.

The cash records of the Edith Belle Libby Memorial Library were examined, the cash balance was reconciled and the investments were verified.

## COMMENTS

### OPERATIONAL RESULTS

The operations for the year showed a net gain of \$100,592.88 which was accounted for as follows:

Departmental Operations:	
Unexpended Balances	\$105,038.10
Overdrafts	21,692.72
<hr/>	
Net Unexpended	
Balance	83,345.38
Actual Over Estimated	
Revenue	17,247.50
<hr/>	
Gain For Year	<u><u>\$100,592.88</u></u>

The overlay and unexpended balances in contingent, interest and planning board accounts, less tax discounts and abatements, and overdrafts in the public works, administration and insurance accounts were the major factors contributing to the net unexpended departmental balance lapsed. The records did not indicate that authority had been granted by the legislative body allowing overdrafts in appropriation accounts.

\* \* \*

The following comments pertain to the accompanying financial statements:

ASSETS. . . . The general fund cash balance totolled \$159,238.16 at December 31, 1970. The bank balances used in reconciling this amount were confirmed by the depository. Petty cash was counted.

Accounts receivable amounting to \$7,213.28 at the close of the year consisted principally of fees due from individuals for sewer permits and welfare funds due from the state and other municipalities.

Taxes receivable totolling \$294,456.66 consisted princi-

pally of current year accounts of \$283,551.04. The remaining balance of \$10,905.62 was for prior years dating from 1965. Tax liens and tax acquired property amounted to \$65,358.71 and \$492.13 respectively.

It was noted that uncollected taxes and tax liens totalled approximately \$360,000.00 at the close of the current year. It is again recommended that the delinquent accounts be reviewed to determine their collectibility and administrative action be taken accordingly.

**LIABILITIES, RESERVES AND SURPLUS.** . . Accounts payable totalled \$108,935.95 at the year end. Included in this amount were unpaid school department bills of \$29,208.21 for November and December 1970, various other departmental bills totaling \$55,621.20, a balance of \$50.00 due on county tax assessment, \$21,000.00 due the school district, \$2,700.00 due the Edith Belle Libby Memorial Library and tax overpayments of \$356.54 to be refunded. Tax anticipation notes totaling \$200,000.00 and withholding, social security and State income tax deductions totaling \$24,132.94 were unpaid at December 31, 1970.

Net unexpended departmental balances of \$2,587.83 are carried forward to the ensuing year in accordance with legal requirements and/or customary practices. Excise taxes totaling \$4,437.01 are reserved for future allocation.

The unappropriated surplus amounted to \$99,115.00, an increase of \$50,176.97 for the year. This change was occasioned principally by the net unexpended departmental balance and actual revenue over estimated, less a transfer to reduce the current year tax levy.

Appropriated surplus, established for tax losses amounted to \$13,467.41, a decrease of \$13,887.68 from the previous year. This change was occasioned by a write off of unpaid prior years taxes.

**DEBT FUND.** . . . The debt fund, incorporated in the balance sheet as a separate fund, shows various purpose outstanding bonds of \$658,000.00. These obligations mature during the ensuing fifteen years.

# TOWN OF OLD ORCHARD BEACH COMPARATIVE BALANCE SHEET

## GENERAL FUND

## **FIRE DEPARTMENT Annual Report 1971**

*To the members of the Town Council and the Citizens of  
Old Orchard Beach, Maine:*

The following is a report of the Old Orchard Beach Fire Department for the year 1971.

A total of 275 calls were answered in 1971. This is an increase of 32 calls over 1970 and an increase of 102 over 1969.

During the year 1971, new equipment was purchased to increase the fire fighting effectiveness of the Fire Department. Items purchased are: 700 feet of five (5) in. hose. This hose will increase the supply of water from the hydrant to the pumper with the use of less amount of hose. The 5 in. hose will carry the same amount of water at less pressure required as four (4) lengths of 2½ in. hose. The new 5 in. hose is carried on the 1960 American LaFrance pumper, which has a capacity of pumping 1000 g.p.m. Three new 55 minute capacity Survivair self contained breathing apparatus units were purchased to enable our firefighters to have better protection and a longer length of time, if need be, to extinguish fires in buildings. Two (2) modern transistorized Electron alert radios were also purchased for the men of the Fire Department.

A mutual agreement was reached between the Scarborough Fire Department and the Old Orchard Beach Fire Department by this agreement, an electronic signaling system was installed between the Old Orchard Beach Fire Station and the Pine Point Scarborough Engine No. 4 Fire house. If the need arises for additional help at the fire or to cover the Old Orchard Beach station, a push button is all that is needed to summon Engine No. 4 from Pine Point. On our part, we have agreed to cover Pine Point Engine No. 4 station on any of their second and third alarms.

We are also at all times in radio communications with Biddeford and Saco.

We have pre-planned fire fighting tactics to be used, if the need ever arises, at all local schools. Several other large buildings, hotels, etc. have also been pre-planned.

Fire fighting drills and rescue operations are held by the fire department twice a month during the complete year.

During these drills and in inspecting various places in town it becomes more and more apparent to us of the need for an Aerial Ladder truck for the two and three story hotels, motels and apartment houses, the need

is even more apparent for such a piece of apparatus. Needless to say, is the possibility of improving the Town's Fire Insurance Ratings, and the possible reduction in Fire Insurance premiums. An aerial ladder truck may not be all that is needed, but it is a step in the right direction.

At the beginning of the summer of 1971, we formed our Fire Prevention Bureau. The Bureau consists of the regular men, Deputy Chief Roy and myself. The Fire prevention inspections are done by the men on the off-duty days and at their own expense, that is to say, they do not receive any remuneration from the Town. The reason they do this, is to help reduce the hazards of fire in Town and to better acquaint themselves with the buildings in Town. Several motels, hotels, cabins, cottages, stores and other places of business have been inspected so far. Private homes are inspected only at the request of the owners. The men are more than willing to do these inspections at any time they are requested.

Hopefully all business establishments and homes in Old Orchard Beach will be inspected over the next few years, and on a continuous rotation thereafter. Fire Prevention Programs for teachers, baby-sitter, youth groups and other interested people are being formed and hopefully will be put into effect this fall.

Most rewarding to the members of the Fire Department and myself, is the support given to us by the citizens of Old Orchard Beach.

As Chief of the Fire Department, I am proud to have such dedicated men in my charge.

The following is a breakdown of all calls, equipment and inspection conducted during 1971.

FIRE PREVENTION INSPECTIONS:

Hotels	1
Motels	4
Stores	8
Schools	5
Cottage complexes	4
Cabin complexes	2
Restaurants	2
Business offices	3
Town garage	1
Private home	1
	<hr/>

Adult Non-Fiction	3,095
Juvenile Fiction	6,024
Juvenile Non-Fiction	1,120
Periodicals	2,217
Records	403
	-----

25,447

Total number of books December 31, 1970 14,767

Books added in 1971 547

-----  
15,314

Books lost and discarded 124

-----  
Total number of books December 31, 1971 15,190

As I complete my second year as your librarian, I'm happy to say that more people are visiting our library than ever before. The circulation in 1971 was 2,547 greater than in 1970. Our staff has increased from three to five, thereby enabling us to give the public better service.

During the past year the library has received more than 200 phonograph records, the gift of two major record companies. These records may be borrowed for home listening by any adult with a library card.

At this time I'd like to extend a special thank you to Mr. Edmund Beaumont for his generosity in providing the library with a stereo record player which has both speaker for background music and earphones for private listening. He made us this gift in memory of his father and mother.

Respectfully submitted,

Marian G. Davis  
Librarian

## **PARK COMMISSION**

Dear Counsellors:

It is the pleasure of the Park Commission for the Town of Old Orchard Beach to make its 1971 yearly report.

We, the Park Commission wish to report that during the year of 1971, the total monies taken in was \$17,682.07.

The expenses for the year were \$17,076.84 which left a balance of \$605.00. The expenses for the year included major improvements on the Park and salaries.

We regretfully report the passing of Mrs. Edith Gallant. Mrs. Gallant worked so hard to improve the conditions of the Park for the benefit of the Town of Old Orchard Beach.

Respectfully submitted,

Mr. Thomas Dupuis, Chairman

Mr. Kenneth Cooper, Secretary

## **PUBLIC HEALTH NURSING REPORT**

The following is the report of visits made during the past year:

Adult Health	7
Cancer	144
Cardiac	18
Crippled Children	6
Infants	1
Morbidity	849
Tuberculosis	13
Social Service	126
In behalf of	39

The immunization clinics continued to be held the 2nd Tuesday of the month other than July and August. Also the November and December clinics had to be cancelled because of the illness of the attending physician. In spite of that 287 children received immunization. In October we officially received word that small-pox might be discontinued. Under special circumstances it could be given at the discretion of the family physician.

It still is of concern that some families neglect children's immunization, especially measles and rubella which is far from eradicated.

The Medical Advisory Board continued to serve in an advisory capacity.

In years past the nursing office has attempted to serve as a clearing house for Thanksgiving and Christmas baskets and toys. This has been far from successful for many reasons. It is hoped that some united effort can be created more in the spirit of giving and receiving, not only for those days but throughout the year.

The Agency was re-certified for another year for Medicare making it available to those who qualify.

To Mrs. Lenkowski and other volunteers who have so kindly helped with the clinics, the members of the Advisory Board and the Doctors my appreciation and sincere thanks.

Respectfully submitted,

Helen Curry, R.N.

## **REPORT OF HEALTH OFFICER 1971**

After several years of frustration, perserverence paid off and I was fortunate in successfully urging the owners of the large watery lot at the foot of Carll Ave. and Foote Street to fill and clean up this eye sore. It is to be noted here, that this was accomplished by your health officer and not the Town Manager as has erroneously been stated to me. This area in the past has caused great concern among the neighboring citizens and I am most pleased to note the great improvement. I must comment however, that the water which now flows over this filled land when frozen has caused considerable accumulation on the opposite side and the tiny cabins in the area are in danger of being undermined unless culverts or proper storm drains are constructed.

I would strongly urge the Town Council to review carefully the applications of those cabins, cottages and motels which in the past have been the cause of tourist complaints. Many improvements can be made if only we would enforce the existing laws.

I would recommend further, that no waste from the merchants of

Old Orchard Street be allowed to be placed out doors until after midnight. In the past this has been flagrantly violated and the debris has piled up in such unsightly accumulations that it made a mockery of the phrase "Cleanest Beach In the World".

Some merchants have encroached on our sidewalks when it is absolutely impossible to walk on them and many pedestrians, especially on East Grand Ave. are forced to step out on the street. Awnings overhang dangerously low and merchandise spills over the entire sidewalk. This must be stopped.

I would urge closer inspection of these markets that are making sandwiches to take out as I have found some in an intolerably filthy condition.

Once again I commend Mr. Armand St. Hillaire for his undying devotion to duty and I sincerely regret his resignation as Street Commissioner.

Respectfully submitted,

Louis DeAngelis  
Health Officer

## **REPORT OF PLANNING BOARD**

To the Town Manager

The following is my annual report as Chairman of the Old Orchard Beach Planning Board.

The Old Orchard Beach Planning Board held twenty-four (24) meetings this year plus meetings with various Federal and State departments.

We met with the HUD office in reference to our Workable program — Urban Renewal and for the sanitary sewer project. The Workable program was completed and indications are that we the people of Old Orchard Beach, have to work together to enforce and abide by our codes and ordinances before we can benefit from Federal Programs — especially Urban Renewal and Public Housing.

We also met with the U.S. Corp. of Engineers for a study of our beach sand erosion problem. A report is forthcoming in the latter part of 1972. The U.S. Soil survey finished the soil description of the town of O. O. Beach and soil maps with explanation of various types of soil were acquired. The sanitary sewer program is well underway to realization. The survey is approximately 90% complete and negotiations are in process to finance and have the first phase started.

We met with the State Highway Commission in reference to the Saco Spur from the Maine Turnpike to the O. O. Beach Town line and also in reference to TOPIC (Traffic operation program to increase capacity and safety). The SHC is to follow through with traffic signs and painting arrows in streets etc. which will begin in the Spring except at the Heath St. Extension. Preliminary studies have been made on utilizing town-owned land on Milliken Street for both a parking and recreation area. Some conclusions are expected in early Spring.

Our codes and ordinances need to be updated and enforced. The Old Orchard Beach Planning Board met frequently with YCRPC to upgrade the subdivision code to comply with state statute H.S. 1380 - LD 1800 dated June 16, 1971. This new sub-division code should insure a firm upturn in bettering housing development in O. O. Beach.

A large project discussed and approved was the senior citizen 62 apartment development by the New England Baptist Council which is now in progress as well as the Hirst development of four apartment buildings of 24 units planned for an early construction date.

There is a substantial amount of work to be done to review and improve all our codes, along with many other projects but with the cooperation of the Council and the people of O. O. Beach, progress is assured.

I want to thank all the Planning Board members for their long hours of deliberation, excellent effort in participating in our meetings and the foresight in helping to improve our town.

Respectfully submitted,

Norman Guerette,  
Planning Board Chairman

## **REPORT OF THE SEALER OF WEIGHTS AND MEASURES For the Year 1971**

In 1971 I tested 29 Gasoline pumps and found all in good working order. 29 scales were tested and also found in good working order. None were rejected.

Respectfully submitted,

Clarence L. Roberts  
Sealer of Weights and Measures

## REPORT OF THE BUILDING INSPECTOR

To the Honorable Council and Citizens of Old Orchard Beach; I hereby submit the following report for the year 1971.

This office issued building permits with an estimated construction cost of \$1,594,387.00. A breakdown of the permits follows:

### NEW CONSTRUCTION

17 Homes	255,860.	
5 Motels	246,000.	
1 Condominium	750,000.	
9 Res. garages & Carports	17,587.	
2 Swimming pools	9,600.	
7 Business & Amus. Bldgs.	59,900.	
		1,338,947.00

Additions, alterations & repairs  
accounted for 77 permits with an  
estimated cost of

255,440.00  
\$ 1,594,387.00

2 permits were issued for buildings to  
be moved and 11 for demolition.

Fees collected amounted to \$ 751.00

Respectfully submitted,

John T. McNeill  
Building Inspector

## 1971 ANNUAL REPORT OF THE ZONING APPEALS BOARD

The members of the Zoning Appeals Board for 1971 were:

Peter Zafirson, Chairman	Frederick T. Hayes
Charles E. Day, Acting Chairman	Prescott Verrill, Alternate
Clarence Roberts	Ann E. Pennell
Sumner Johnson	Dr. Raymond J. Begin

Roger Parker, Alternate

The latter three members replaced Mr. Zafirson, Mr. Hayes and Mr. Verrill who resigned during the course of the year.

Twenty-one appeals were set before the board in 1971, of which one was withdrawn and one was cancelled. Three were denied and sixteen were granted, four with stipulations.

The appeals varied in that ten pertained to space and bulk requirements, nine pertained to nonconformance of the building, use or premises and included special exceptions and two were home occupancy appeals.

Respectfully submitted,

Sandra Manduca, Secretary  
Zoning Board of Appeals

### **ASSESSORS REPORT, 1971**

The Board of Assessors committed the taxes for the year 1971 on July 29, 1971 to Louis E. Ayoob. The sum of \$3,411.00 to be raised from polls and \$1,497,646.24 to be raised from real estate and personal property taxes.

The total valuation of the property in the town is:

Residents	\$28,957,745.
Non-Residents	\$17,843,700.
TOTAL	\$46,801,445.

The tax rate of .032 was maintained, the same as in 1970.

Property valuation of exempt veterans was \$391,100., according to law, Title 36, MRSA, Section 653. (Sixty two veterans and 42 widows.)

Town property not used for Municipal purposes, exempt, \$8,190.

Property of others, exempt by law, Title 36 MRSA, Section 651 and 652, \$1,041,300.

Alan C. Radley was appointed full time assessor in November, 1971.

Respectfully submitted,

Alan C. Radley  
Single Assessor  
Chairman of Board of Assessors 1971

## **REPORT OF THE SUPERINTENDENT OF SCHOOLS**

**TO: SCHOOL COMMITTEE AND CITIZENS  
OF OLD ORCHARD BEACH, MAINE**

During the past year the educational programs in the Public schools of Old Orchard Beach, through the cooperation of the teachers and principals, has progressed with the changes. The Co-operative Education has proved very beneficial to both the students and community.

During the past decade the population of Old Orchard Beach has grown approximately 19.2%. This growth has had its effect on the population in the schools. The schools are very over-crowded and I recommend the Citizens of Old Orchard Beach seriously consider school construction in the very near future or the possibility of a year-round school for grades K-12.

Some needs which I consider necessary for a well rounded education would be art, physical education, and reading specialist in the elementary schools. I would further recommend serious consideration for an Educable Mentally Retarded Class for students between the ages of 7 and 15 with those above the age of 15 being tuitioned to the Biddeford Regional Vocational Center.

Your School Committee and I cordially invite all of you to visit the schools.

The Community should be proud of its School Committee members. They are interested in the welfare of all students, as well as the Community.

I wish to express my sincere appreciation to the members of the School Committee, Town Officials and Citizens for their help during the past year.

Respectfully submitted,

Howard L. Cushman

## ENTERING AGE

Six years of age on or before October 15th of the school year shall be admitted to grade one.

Five years of age on or before October 15th of the school year shall be admitted to Kindergarten.

## STORM SCHOOL SIGNALS

The no-school signal will be sounded by the fire alarm signal at 7:00 A.M.

It is advisable to listen to radio stations WIDE, Biddeford; WCSH and WGAN, Portland, as announcements will be made.

Weather reports are not always reliable and since the School Department desires to tender maximum educational service by having school in session the greatest number of days, storm signals will not be used when there is reasonable doubt.

Safeguard health by keeping your child home when, in your estimation as a parent, conditions warrant.

## MEETINGS

The School Committee holds its regular monthly meetings at the Loring Junior High School on the 3rd of the month at 7:00 P.M.

## REPORT OF VISUAL CONSULTANT

The Controlled School Vision Testing Program has assured the personnel involved of real value and benefits derived by the school children of Old Orchard Beach.

All previous records are reviewed and studied, number of follow-ups and family contacts and those needing other assistance are recorded. This provides for the most complete program of its type.

All Sub-Primary children are screened for ocular abnormalities and visual defects.

The School Vision Tester is used in the rest of the school system.

The controlled program is carried out as follows:

1. Driver Training class at Old Orchard High School screened.
2. All Freshmen plus questionable cases from previous year are tested.
3. Sub-Primary children are checked using the Clinical 6 point method.
4. Grades 1, 4 and 7 checked with School Vision Testing unit.
5. All intermediate grades — questionable cases and teacher referrals are sent to the eye clinic for vision testing.

In my opinion this is a well planned and administered program in which reliable tests and procedures are used.

Good Vision programs are rewarding in benefits to so many children who otherwise would remain handicapped in their seeing abilities because of unrecognized difficulties.

This control program will provide us with valuable information on students from Sub-Primary through Senior year in High School.

Cooperation of the School Board, Superintendent, Teachers and faithful assistance of Mrs. Agnes Murphy, R.N., makes this undertaking a valuable supplement in a complete school health program.

Respectfully submitted,

Stephen J. Polackwich, O.D.  
Visual Consultant

## **REPORT OF SCHOOL DOCTOR**

The procedure of examining all the students who were to participate in football was performed last August previous to the opening of school.

Physical examinations have been done in the first, fourth, eighth grades and the seniors in high school.

All other matters pertaining to the health and welfare of the students were taken care of with the assistance of the School Nurse.

Respectfully submitted,

Donald S. Skilling, D.O.

## **OLD ORCHARD BEACH SCHOOL TRUSTEES REPORT**

The following report is submitted to the Town of Old Orchard Beach in accordance with Legislative Document No. 1609.

Members of the Trustees of the Old Orchard Beach School District for 1969:

Mr. Alan W. Coker, Chairman  
Mr. Jeffrey Thompson, Jr. Treasurer  
Mr. John T. McNeill  
Mr. Stanley Leonard  
Mr. Urbain Goulet

Monthly meetings, on the second Wednesday of every month, were held by the Old Orchard Beach School Trustees, with the Superintendent of Schools, Mr. Howard L. Cushman; Attorney William P. Donahue and Secretary, Mrs. Barbara Lord in attendance.

Repairs were made and all matters pertaining to the School Trustees, were handled quickly and efficiently in the best interest of all citizens of Old Orchard Beach.

Respectfully submitted,

Alan W. Coker  
Chairman

## **HIGH SCHOOL**

**January 1, 1971 — December 31, 1971**

Co-operative Education program has been added to the High School curriculum this year. Co-op permits the student to take his academic courses at the high school for part of the day and work in a local business or trade to secure his remaining credits. The employers pay the students a regular salary and grade them on the quality of their work. The student earns a total of 3 units toward graduation for each year of his program. Co-op is under the direction of Mr. Ralph Jones, and has proved very successful during this pilot year.

Both the Biddeford Vocational and Naval Science Programs have had a good year. We had about 45 juniors and seniors attending Biddeford Vocational High School for half the day, and about 60 boys signed into the Naval Science program. By government regulation, Naval Science will probably be officially open to girls next year.

The Class of 1971 had 70 graduates. Follow-up surveys by the Guidance Department indicate the following post-high school record of the class:

Working force	29
Four year college	23
Two year college	7
Military	7
Married (females)	3
Nursing	1

With the arrival of voting and the rights of full citizenship for 18 year olds, we should recognize the fact that students must become more involved than ever in the decision-making process in school responsibility and organization. Over 50% of the average high school senior class will now be legally adults and responsible for their own standards and conduct. It is part of the task of the school to take immature freshmen of thirteen or fourteen years and teach them self-reliance and responsibility in the short space of four years. How successful any school can be at this undertaking remains to be seen, but it is fairly obvious that the older approach of "do-it-because-I-said-to-do-it" will not develop the type of citizenship now demanded of one 18 years old.

I wish to thank the Superintendent of School Committee and the faculty for their hard-working cooperation in instituting these many programs and changes.

Respectfully submitted

Jerome A. LePelletier, Principal

## ANNUAL REPORT LORANGER JUNIOR HIGH SCHOOL

It was necessary to house two fifth grades at the Loranger School this year. These self contained classrooms operated independently from the departmental program of grades six, seven, and eight. This arrangement worked out well.

There are 368 pupils enrolled in our school this year. Approximately 203 pupils are transported by bus.

We plan to use the present library area for an additional eighth grade next school year. It should be noted at this time that there will be no additional classroom space available at our school when classes open next September. It is evident that serious planning should begin for additional classrooms.

STATE OF MAINE  
DEPARTMENT OF AUDIT  
AUGUSTA, MAINE 04330

AREA CODE 207  
TEL. 289-2201

M. RIDEOUT, JR.

STATE AUDITOR

KENDALL P. HANNA  
DEPUTY STATE AUDITOR

C. NEWELL DYKE  
DIRECTOR OF MUNICIPAL AUDITS

March 30, 1972

Town Council  
Old Orchard Beach,  
Maine

In accordance with Title 30, Section 5253, Maine Revised Statutes Annotated of 1964, as amended, an audit has been conducted of the financial records of the Town of Old Orchard Beach for the year ended December 31, 1971.

The examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

Within the scope of the examination, the financial transactions were appropriately handled, with such exceptions as may be noted in the accompanying commentary.

In our opinion, the exhibits and schedules incorporated in this report, present fairly the financial position of the Town at December 31, 1971, and the results of its operations for the period indicated.

Respectfully submitted,

  
R. M. Rideout, Jr.  
State Auditor

RMRJr:sv

## SCOPE OF AUDIT

---

The system of internal control was reviewed as it pertained to the handling of cash and other matters of financial concern. Cash accounts were verified by reconciliation of bank statements and count of cash.

An analysis was made of receipts and deposits as well as disbursements and bank charges. Vouchers, payrolls and canceled checks were examined on a selective basis. Letters of confirmation were used on a test basis to verify the correctness of recorded assets and liabilities.

Revenue accruing to the municipality from various sources was reviewed and checked to pertinent records. Records of council meetings, as they pertained to financial matters, were reviewed. Surety bond coverage was examined.

The cash records of the Edith Belle Libby Memorial Library were examined, the cash balance was reconciled and the investments were verified.

## C O M M E N T S

### OPERATIONAL RESULTS

The current year operations showed a net gain of \$58,944.96 which was accounted for as follows:

Departmental Accounts:	
Unexpended Balances	\$75,622.54
Overdrafts	<u>29,518.13</u>
Net Unexpended Balance	46,104.41
Actual Over Estimated Revenue	<u>12,840.55</u>
Gain For Year	<u>\$58,944.96</u>

The overlay, supplemental taxes and unexpended balances in contingent and public works department, less tax abatements and overdrafts in insurance, town poor and interest accounts were the major factors contributing to the net unexpended departmental balance lapsed. The records did not indicate that authority had been granted by the legislative body allowing overdrafts in appropriation accounts.

\* \* \*

The following comments pertain to the accompanying financial statements:

ASSETS . . . . The general fund cash balance, which included general, capital improvement and petty cash, totaled \$104,773.46 at December 31, 1971. The bank balances used in reconciling this amount were confirmed by the depository. Petty cash was counted.

Accounts receivable amounting to \$4,101.64 at the close of the year consisted principally of welfare funds due from the state and other municipalities.

Taxes receivable totaling \$220,199.58 consisted principally of current year accounts of \$206,465.03. The remaining balance of \$13,734.55 was for prior years dating from 1965. Tax liens and tax acquired property amounted to \$63,125.09 and \$492.13 respectively.

It was noted that uncollected taxes and tax liens totaled approximately \$283,000.00 at the close of the current year. It is again recommended that the delinquent accounts be reviewed to determine their collectibility and administrative action be taken accordingly.

Expenditures totaling \$24,881.20, which were in excess of amounts appropriated are being shown on the balance sheet as deferred charges pending further financial activity.

LIABILITIES, RESERVES AND SURPLUS . . . . Accounts payable totaled \$118,163.22 at the year end. Included in this amount were unpaid school department bills of \$24,277.90 for December of 1970 and November and December of 1971, various other departmental bills totaling \$93,689.48, a balance of \$50.00 due on county tax assessment and tax overpayments of \$145.84 to be refunded. A tax anticipation note of \$100,000.00 and withholding, social security, state income tax and other deductions totaling \$24,996.72 were unpaid at December 31, 1971.

Unexpended departmental balances of \$30,501.81 are carried forward to the ensuing year in accordance with legal requirements and/or customary practices. Excise taxes totaling \$5,396.63 are reserved for future allocation.

The capital improvement fund (garage and pumping station) balance amounted to \$54,314.95 at the close of the year. This fund was represented by deposits in local area banks.

The unappropriated surplus amounted to \$55,946.37, a decrease of \$43,168.63 for the year. This change resulted principally from the transfer to reduce the current year tax levy less the net unexpended departmental balance lapsed and actual revenue over estimated.

Appropriated surplus, established for tax losses amounted to \$13,467.41.

DEBT FUND . . . . The debt fund, incorporated in the balance sheet as a separate fund, shows various purpose outstanding bonds of \$585,000.00, due to mature during the ensuing fourteen years, and an equipment note of \$136,625.00, to be fully paid by July 15, 1978.

GENERAL . . . . New equipment purchases made during the year were authorized by the town council and were financed by the issuance of notes.

RECOMMENDATIONS . . . . In order that audit costs be kept at a minimum, the following recommendations are worthy of consideration:

A complete general ledger containing all asset, liability and operating accounts should be maintained on a current basis and trial balances of same should be taken monthly.

The treasurer should reconcile the checking account at least monthly with the cash book balance.

Periodic reconciliations should be made of uncollected taxes with the control accounts.

We were very pleased that so many parents came to the school during Parent-Teacher Conference days. We feel that there has been a better understanding between the home and the school as a result of the conferences. Parents should feel free at any time to call the school to arrange conferences or ask questions.

I would like to note with appreciation the fine cooperation that has been received from Howard Cushman, Superintendent of Schools, and the entire staff during my first year at the Loranger School. Special thanks is extended to Mrs. Susanne Brousseau, who has done an extremely fine job in the school office.

Respectfully submitted,

John H. Chapin, Principal

## **ELEMENTARY SCHOOL Principal's Report — 1971**

The following is a report of the Elementary School for the year beginning January 1, 1971 and ending December 31, 1971.

Kindergarten	(4 classes)	125
Grade I	(5 classes)	156
Grade II	(4 classes)	119
Total		400

Our total enrollment increased by 8 compared to last year's figures.

There were 282 pupils transported to the Elementary School. The children came from the following areas:

Union Avenue	56
Halfway	148
Ocean Park	34
Milliken Mills	44
Total	282

Mrs. Helen Allen and Mrs. Elizabeth Regan were in charge of serving hot lunch. Approximately 200 children were served daily. Forty-eight applications were approved for free hot lunch and 25 at a reduced rate. These were issued according to family income. Some children bring a cold lunch. Over 90% of the first and second grade enrollment stay for lunch during the noon hour. These children are supervised by an assistant teacher and

three aides. Our custodian, Mr. Podchalski, also remains in the building during the noon hour to assist.

Approximately 250 children were served milk during recess in the classroom.

Several tests are administered throughout the year and are recorded on the child's permanent school records. Kuhlmann-Anderson Intelligence Tests were given in all first grades and new pupils in grade two were given the Otis Intelligence Test. Basic reading and math tests are used in all first and second grades, which assist the teachers in adapting instruction to individual and class needs.

Parent-teacher conferences were held in the fall for all classes and again in the spring for Kindergarten. First and second grades received report cards four times during the year. Kindergarten teachers used a check sheet which was discussed with the parents at conferences.

Our circulating library has increased to 52 sets which are being used by all teachers in the classrooms. These sets are kept in a convenient location where they are available to all grades. The children enjoy the variety they have in library material. All classroom libraries received books under Title II funds. Also additional audio-visual material was purchased to be used in all grades.

Teachers again obtained guides for each program viewed on Maine's Educational Television Network. These guides are available to the school free of charge from the Education Department in Augusta. They recommend the programs to be viewed on each grade level, suggest material to be presented before the television lesson, and give suggested follow-up material.

The Elementary School has three teacher aides, Mrs. Esther Taylor, Mrs. Lois Benway, and Mrs. Irene Cooper. Their duties consist of supervision of the playground, cafeteria, halls and bus loading. They do clerical work, hot lunch and milk orders, correct papers, conduct small group drill, assist individual children with lessons and many other tasks which help the teacher.

In addition to our staff this year, we have five teacher assistants which are used full time in the five first grades. Giving the teachers this needed support in the classroom has provided educational opportunities for all pupils in existing overcrowded conditions.

The services of a social worker, Mrs. Edna York and a speech therapist, Mr. John Maloney, were available to us this year. Mrs. York worked

with several children and their parents here at school and at home. Mr. Maloney worked in the building with eight children each week.

We all wish to thank the fathers of the PTA who volunteered their time to make bookcases for every classroom in the Elementary School. All of the teachers appreciated their efforts.

In closing, I wish to express my sincere appreciation to Mr. Howard Cushman, the School Committee and the parents for their full cooperation. I would also like to take this opportunity to thank the teachers, aides and assistants, of the Elementary School for their cooperation and untiring efforts in behalf of the children of Old Orchard Beach.

Respectfully submitted,

Lois Martin

## **JAMESON SCHOOL**

### **Principal's Report — 1971**

Enrollment as of December 31, 1971

Grade 3 (4 classes)	121
Grade 4 (4 classes)	117
Grade 5 (3 classes)	70
<b>TOTAL</b>	<b>308</b>

#### **TRANSPORTED PUPILS**

Transportation is under the supervision of Mr. Robert York. Buses leave on the scheduled time and all transported pupils have left the building fifteen minutes after the closing bell. The teachers were on duty daily from 8:00 A.M. to receive and care for the first bus load of pupils. In the afternoon at the close of school the teachers were again on duty for loading the buses.

#### **FIRE DRILLS**

Fire Drills are set up the first week of school and are carried out periodically. We are able to clear the building in 30 seconds during a fire drill.

#### **HOT LUNCH PROGRAM**

The Hot Lunch Program runs very smoothly. Mrs. Armstrong, Mrs. Pettengill, Mrs. Zafirson, and Mrs. Hackett were in charge of serving. They

are most capable and helpful. They are also fortunate in the able and friendly assistance of our custodian Mr. French. The lunch is prepared at the Loranger Jr. High School under the supervision of Mrs. Eleanor Smith and is very well prepared.

#### PARENT CONFERENCES

Parent-Teacher Conferences were scheduled at the end of the first ranking period in November. This included a night session. It enabled all parents to schedule interviews with their child's teacher.

#### AIDES AND ASSISTANTS

Teacher aides at Jameson School are Mrs. Carole Bolduc, and Mrs. Lillian Marshall. Their duties consist of supervision of the playground and lunch rooms. They do clerical work pertaining to school records, collect lunch and milk money, correct papers, and conduct small group drills. We all appreciate the efforts of our aides.

This year we were fortunate in having three Assistant Teachers. These Assistants were assigned to various classes to work with the children. Through their efforts the children have had extra help and much progress was noted.

May I express my sincere appreciation to the teachers of Jameson School, Superintendent Mr. Cushman and the Superintending School Committee for their interest and cooperation.

Respectfully submitted,

Mary Brady

## SCHOOL NURSING SUMMARY — 1971

During the FALL Term Dr. Skilling did medical check ups on the Kindergarten, grades four and eight — plus the Junior High and High School students, (boys and girls), who participated in the various sports programs. During the late summer the football players had their medical checks completed.

The Vision Program was supervised and carried out for the children in the Kindergarten, and Grades 1-4-7 and the Freshmen class by Dr. Polackwich. (Along with these groups children who are having reading problems or signs of any visual difficulties are also tested each year).

The parents were notified of any apparent medical or visual difficulties and assisted when needed or advised preclinic help on medical care for the children. Local service clubs, the Maine Medical Center Eye Clinic and the State Department of Eye Care and Special Services have helped with the vision program.

Audiometer hearing tests were given by the School Nurse, to Grades 1 and 4 and to other children in other grades who showed a need for a check up on their hearing.

Tine Tests for signs of TB were given to the Kindergarten classes Grades 7 and all the adult staff due for TB check ups. All tests were negative.

During 1971 the hot lunch program was expanded under new regulations and was able to provide a goodly increased number of meals for the students. This was certainly beneficial to many families.

In the Fall Term a breakfast program was introduced which hopefully aided in improved "teen age nutrition status."

The usual virus and cold infections troubled students and adults during the winter term, and sick children were cared for until they could be safely taken home. Our Police Department helped us many times on illness and other student needs.

The York County Counselling Service, which has developed from the previous Child & Family Service having shown a greater need in our area. (The Hub Learning Services, a Pilot Federally funded program also emphasized the need for an expanded mental health program. Recently the Y.C.C.S. has received a \$400,000 grant of funds so we can hope for a

continued and expanded program for mental health needs in our area which is needed.)

Daily First Aid calls average 12-15 or more for physical health. Emotional stress calls, students or adults, from minor to serious conditions also run a daily course.

Dr. Skilling exams 498 plus football group. Dr. Polackwich vision tests totaled 677.

Individual Health Records (1300 plus) and State Departments of Health, Ed., and Clinic Services were kept by the School Nurse.

Agnes Murphy, R.N.
